Speaking Directly

The Prime Directive

Growing up watching “Star Trek”, the term “Prime Directive” sticks in my mind and, NO, I was NEVER a Trekie. The phrase that really stuck was Spock’s dying comment... “The needs of the many outweigh the needs of the few.”

At H.O.T., every year, they come up with a catch phrase for the entire program. One year, it was “Who’s your spark?”, then “Screw it, Let’s Ride”. This year was “Feel the Rumble, Hear the Thunder”, and then some. The “HOG Prime Directive” is “Ride and have Fun.” I know that our Chapter has its own set of catch phrases like “We are an eating club with a motorcycle problem” and “Screw it, Let’s eat.” That being said we must remember that “Ride and have Fun” is, and will always be, THE prime directive of the HOG’s.

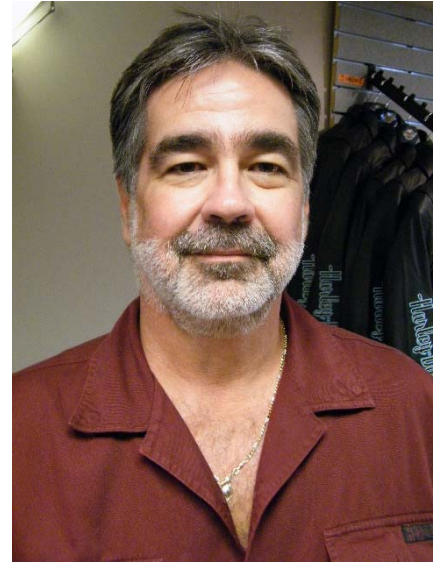

Being in this Chapter and associating ourselves with many people and personalities is always exciting and fun. When Diane and I started dating, I spoke to her about my “2 couple” rule, “I did not like to go anywhere with more than 2 couples”. In my past experiences, it was virtually impossible to get 6+ people to agree on where to go, what to do, how to get there, what time to be where, etc. Now, we do not have that problem, we go places with 20-30+ of our closest friends.

We just look at the HOG calendar and see where the Chapter rides are planned and decide if we want to go there or go somewhere else. Yes, sometimes the Chapter is going to the “same old place”, but we are all guilty of that scenario. We are creatures of habit. We find someplace we are comfortable, someplace we like the food, someplace we like the crowd or someplace we like the company and go with them. Do we want to go to new and different places? Absolutely. We look forward to people sharing their favorite places with us. Every time we go to a new place, we usually have a huge turnout.

We will be trying different places to go, Saturday &

Sunday rides, different events to experience and leaving at different times.

Some of our destinations are to the West Coast of FL and, taking into consideration the summer afternoon heat and rain, we really need to leave earlier so we can get there and back at a reasonable

time. Some of our rides will include breakfast instead of lunch. We are even going to have a gathering to watch Monday Night Football; Miami Dolphins versus the New Orleans Saints, September 30th.

So, with all this being said, even now, If you have someplace you would like to share with us, PLEASE let us know. Some of the places are on the calendar just because we want to “Ride and have Fun.” Some are not cast in stone and are VERY changeable.

As always, please remember, this is your club. We are all here to have a good time. If I, or any member of the board, can help make your experience better, please let us know.

PS: Someone asked me why orange and black is the standard color combination for Harley Davidson. The best I can find out is that when they were racing, everyone wore black leathers for what minimal protection they provided. On dirt tracks, after a few laps, everyone looked the same....dirty. So someone painted an orange stripe on the sleeves of the Harley Davidson racers and the rest is history.

Sunshine Column

Dear Hog Family,

Our good friends are in need of some cheering up.

Jane Ann Springston is home recuperating from surgery. She has had two previous surgeries on her leg, and we are all hoping the third time is the charm. You are one tough cookie. Jane Ann, keep doing better and better.

Our best to Drill Team rider, "Fede" Ferrante. Get rid of those crutches as soon as possible and get back to doing what you love best, riding your bike!

Wilma Colby has some fancy "Harley" colored foot wear. She posted on Facebook a picture of her bright orange cast.

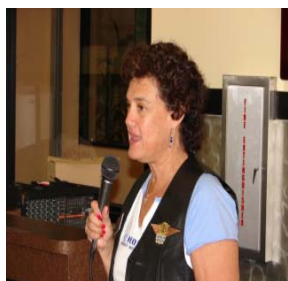

Glad to see Bob Piano out of his wheelchair and rolling with a walker. Keep up the good work. Heal quickly my friends.

To all the Hog members who have picked up the phone, sent a card, driven a friend to appointments, brought our friends to lunch or meetings, THANK YOU. It is such a demonstration of how special our chapter members are to each other. I don't have to name you good people, you know who you are.

The weather is warm, the day light is long, and the riding very fun. Congratulations to Diane Zimmerman riding her new Trike. Great to have another lady rider and a Triker too.

Bernie and I are going on a summer adventure. We are taking our bike/trike up North to see family and friends. So wherever the road takes us, is where we will go. Take care and keep in touch. Email me at sunshine@flhog.com and I will share the news with our Chapter. Lots of fun rides ahead, so come when you can and leave when you must.

PLEASE SHOW SUPPORT TO VICTIMS OF OKLAHOMA!

Due to the overwhelming response of items being sent to the Red Cross and to the area of Oklahoma, please know that only CASH donations are being accepted at this time. Just the logistics of shipping pounds of clothing/items from our area to Oklahoma, will be terribly expensive, and then you have to worry if they have space on the ground - which they do not have at this time.

Anyone wishing to donate \$\$\$ can do so at Chester's Fort Lauderdale Harley-Davidson located in Sunrise, FL.

On behalf of our HOG Chapter and Chester's Ft. Lauderdale Harley Davidson - THANK YOU FOR YOUR DONATION OF CASH...BIG OR SMALL!

QUICK TIPS: Ten Things All Car & Truck Drivers Should Know About Motorcycles

1. There are a lot more cars and trucks than motorcycles on the road, and some drivers don't "recognize" a motorcycle; they ignore it (usually unintentionally). Look for motorcycles, especially when checking traffic at an intersection.

2. Because of its small size, a motorcycle may look farther away than it is. It may also be difficult to judge a motorcycle's speed. When checking traffic to turn at an intersection or into (or out of) a driveway, predict a motorcycle is closer than it looks.

3. Because of its small size, a motorcycle can be easily hidden in a car's blind spots (door/roof pillars) or masked by objects or backgrounds outside a car (bushes, fences, bridges, etc). Take an extra moment to thoroughly check traffic, whether you're changing lanes or turning at intersections.

4. Because of its small size a motorcycle may seem to be moving faster than it really is. Don't assume all motorcyclists are speed demons.

5. Motorcyclists often slow by downshifting or merely rolling off the throttle, thus not activating the brake light. Allow more following distance, say 3 or 4 seconds. At intersections, predict a motorcyclist may slow down without visual warning.

6. Turn signals on a motorcycle usually are not self-canceling, thus some riders, (especially beginners) sometimes forget to turn them off after a turn or lane change. Make sure a motorcycle's signal is for real.

7. Motorcyclists often adjust position within a lane to be seen more easily and to minimize the effects of road debris, passing vehicles, and wind. Understand that motorcyclists adjust lane position for a purpose, not to be reckless or show off or to allow you to share the lane with them.

8. Maneuverability is one of a motorcycle's better characteristics, especially at slower speeds and with good road conditions, but don't expect a motorcyclist

to always be able to dodge out of the way.

9. Stopping distance for motorcycles is nearly the same as for cars, but slippery pavement makes stopping quickly difficult. Allow more following distance behind a motorcycle because it can't always stop "on a dime."

10. When a motorcycle is in motion, don't think of it as a motorcycle; think of it as a person.

Underneath the logo is contact information for Rick Van Alphen, ADC, including an address in Orlando, FL, two phone numbers, an email address, and a phone number. On the right, there is a vertical text box with a background of a fleur-de-lis and the word "Lagniappe" in a large, stylized font. The text in the box defines "Lagniappe" as a small gift given to a customer by a merchant at the time of a purchase, and notes that the word is chiefly used in the Gulf Coast of the United States, especially Louisiana.

Teacher to the kids in class: "What do you want to be when you grow up?"

Lil' Johnny: "I wanna be a billionaire, going to the most expensive clubs, take the best bitch, give her a Ferrari worth over a million bucks, an apartment in Copacabana, a mansion in Paris, a jet to travel through Europe, an Infinite Visa Card and to make love to her three times a day".

The teacher, shocked, and not knowing what to do with the bad behavior of the child, decides not to give importance to what he said and then continues the lesson:

And you, Tanya?

"I wanna be Lil' Johnny's bitch!"

IMPORTANT CHAPTER RIDE POLICIES

In the event that inclement weather interferes with our scheduled rides, please be advised of our long-standing policy regarding cancellation of a ride. While it is always a member's option to go on a chapter ride whenever we have inclement weather, a decision will be made by the Lead Road Captain whether the SANCTIONED ride will take place. Riding in inclement weather is a safety issue we should always consider. The formal cancellation of a ride will occur at the time and place the ride begins. The Lead Road Captain running the ride will be present at the designated time and place the ride begins to advise those present of the decision.

While the HOG Ft. Lauderdale Chapter #3343 always promotes riding, we have a responsibility to our members, H.O.G. National, our sponsoring Dealer and Harley-Davidson. All participants in our rides must be a current member of H.O.G. National and our local Chapter. All members are issued a local membership card that must be shown at the time of the ride. If the card is not available, a waiver must be signed prior to the ride. Guests are allowed on up to 3 rides and must sign a waiver prior to each ride. At the 3rd ride, Guests will be asked to become a member. Participants without membership cards or signed waivers will not be allowed to participate in any Chapter events. Guests are not allowed to participate in the fourth event. Thank you for your understanding and cooperation.

Head Road Captain

THE LAST WORD

As I write this I'm at Fort Sill Oklahoma awaiting my son, Nick's graduation from Army Basic Combat Training (BCT). We drove about 1700 miles in two days and will turn around and drive 1700 miles back home over this coming weekend. That's a lot of hours behind the wheel but it will have been worth every second of it. I know many of you have come down this path before me either with your personal military experiences or with family members. I truly appreciate and respect each one of you for your service. As you can probably imagine, I couldn't be more proud of our soldier! Next for him is Advanced Individual Training (AIT) at Fort Leonard Wood Missouri and then who knows what's after that. What an adventure for him and his family!

Since I wrote last month the new bike has turned over 2000 miles. It seems like 1000 of those miles were in the rain, but it was probably only 900. Despite a wet start to the summer in southern Florida, we've had some great riding out to Labelle for BBQ, down to Key Largo for some lunch and a few other shorter rides in between. For those of you participating in the Passport contest, we managed to get a few Passport stops in conjunction with some of our rides. I hope we start seeing more winners from Chester's HD, our host dealer.

of the state. We liked it so much we planned a chapter overnighter there in August. Look for some additional details elsewhere in this month's HOG Log. It will be a great two days of riding and very likely a fun evening at the local watering hole that shares a parking lot with the Holiday Inn Express. Here's a look at the "Sand Bar" at the Hurricane Dockside Grill where we will try to have a little fun after a day of riding.

There were a couple of announcements in the past few weeks about the entertainment at the upcoming Florida State HOG Rally. In case you haven't heard, Travis Tritt will be performing a private concert for us on Friday evening and then Saturday night the girls of Mustang Sally will be getting us moving. I don't know about you, but I wouldn't miss this party for anything! If you already have your reservations, please drop me an email at assistdir@flhog.com. I'm going to start keeping a list of who's going. Also, if you attempt to make reservations at the Ramada Plaza Beach Resort and have trouble booking a room, please contact me. We may have some options for you.

Our chapter just keeps getting better and better! If you have any feedback on things you like or things you would like to see changed, please don't hesitate to let me, or any member of the board know. We're all here to make this the best HOG chapter around.

Ride Safe!

Speaking of great riding, we took a little Passport run over Memorial Day Weekend and not only found some great riding in central Florida we also happened to stumble on a Holiday Inn Express in Tavares that is perfectly situated for an overnight stay while further exploring that part
